

2017
Skip-A-Pay

Skip one -- or all of your MFFCU loan payments this holiday season! With our holiday Skip-A-Pay you can postpone your loan payment(s) for November or December (one month only) and use that extra cash for shopping or traveling.

If your payment is normally paid through payroll deduction or through our Payment Buddy system, your payment(s) will be deposited into your savings account on the effective payroll date for the month you skip. For members who pay by automatic transfer from a Members Financial FCU account, your loan payment(s) will remain in your account. It's easy to request your holiday Skip-A-Pay! Just complete and mail, fax, or bring this form to any Members Financial FCU branch, and we'll process your request right away. Please review the conditions below. **All eligible requests must be made 10 days before the due date of the loan.**

Members who have executed an extension agreement within the last 6 months are not eligible. Accounts must be in good standing to qualify. Loans must be current at the time the Skip-A-Pay form is received or the request will not be processed. For new loans to qualify for skip, at least one payment must be made. If you would like to skip loan(s) on multiple accounts, a separate form must be completed for each account the said loan(s) are associated with. Form must be completed upon submission. **All skips are subject to approval.**

Please indicate which month you would like to skip. A fee of \$35 per loan must be paid before skip.

NOVEMBER

DECEMBER

PAYMENT METHOD: Cash _____ Check _____ Transfer from Account # _____

I authorize MFFCU to skip my payment on the loan(s) listed below. I understand that participating in this promotion extends the term of the affected loan(s) and therefore, may cause the maturity date of each loan to be extended. I also understand that interest will continue to accrue within the balance of the loan throughout the deferred payment period.
