How will it affect you?

MFFCU will be closed March 30th - April 1st, reopening April 2nd at noon. During the required closing period, you may experience limited debit card usage, as well as limited access to our app and online banking. Once MFFCU opens on April 2nd operating under the new system, you will be required to re-enroll for access to our new online banking and app, as well as online bill pay. We ask that you please take note of the conversion dates and plan accordingly.

What will be different?

The new operating system will bring many exciting products to MFFCU. Some of the new products include: added security, remote check depositing, a new website and phone app, new online bill pay system, and more frequent ACH posting, just to name a few! Thank you for your patience as we bring new and exciting products to you.
