Vacation Time and Shared Branching

Traveling this summer? That’s no reason to leave your credit union at home. Through our membership in shared branching, we have over 5,000 locations available.

We all know there’s nothing better than getting away to visit one of our national parks or relaxing with family at the beach. But you may need to conduct a deposit or withdrawal with us while your miles away. This is where shared branching can come in handy.

Your smartphone or GPS device can upload locations for you to find when you’re not near us. Visit co-opsharedbranch.org or download the smartphone app and have thousands of locations at your fingertips.

When visiting a shared branching location, you’ll need to provide the credit union name and your member number. Also, be ready to show valid driver’s license and the last four digits of your social security number. You may be also asked to verify your account address information.

Transactions that may be processed at shared branches include deposits, withdrawals, loan payments, and transfers.

There are many ways to take us with you this summer. Just look for a shared branching location! And we won’t even ask you to bring us back a souvenir.
