TRANSACTIONS AT FREMONT FIRST CENTRAL FCU TO BE DISCONTINUED

After August 31, 2018, Nebraska State Employees Credit Union members will no longer be able to perform financial transactions at Fremont First Central FCU.

Nebraska State Employees Credit Union will be converting to a new data processing system later this year that will not be compatible with Fremont First Central FCU's current system.

We wish to thank Fremont First Central FCU for allowing our members to conduct business at their Bell Street facility for the past several years.

INACTIVE ACCOUNT NOTICE

What is an Inactive Account? It's a share (savings) account with a balance under \$250 with no activity for 12 months, including deposits and withdrawals, and no other savings or loan accounts.

What happens if my account becomes inactive? A \$2.50 inactive account fee will be charged to your account each month until it becomes active again.

How can I prevent my account from becoming inactive? By having activity – we would rather see you use your account than charge an inactive fee. We'd rather see you take advantage of the savings and loan opportunities at the credit union. We have several options to help you grow your savings through interest-bearing share savings accounts, share certificates and more. We are also one the best resources you can use to borrow money more affordably.

CO-OP SHARED BRANCHES

CO-OP Shared Branches are a cooperative network of credit unions that have joined together and created shared branches across the country to provide members unprecedented service and convenience in a way never before possible.

Visit any of the shared branches across the country and conduct a range of transaction services just as if you walked in your credit union's front door.

CO-OP Shared Branches allow you to make deposits, withdrawals, loan payments and even purchase money orders and official checks. **You must have your account number and a valid ID to use a shared branch.**
