

Equifax Breach

In wake of the recent Equifax data breach in which more than 145 million people personal information such as name, address, and social security number, the credit union is providing the following web links that you may use to be proactive in protecting your personal information.

Check www.equifaxsecurity2017.com to see if your information was breached

Use www.identitytheft.gov to report and resolve identity theft

Place a credit freeze on credit files (this is not always free)

Place a fraud alert on credit files

Check www.annualcreditreport.com

Note: Signing up for credit monitoring is your decision!!

Also, a staff member of Memphis Municipal may request additional identifying information for security purposes.
