## MOBILE BANKING

Mobile Banking has been running for a couple of months- do you know all the features that comes with Mobile Banking? Besides being able to look up balances and do transfers you can:

**Do Mobile Capture**– take a picture of a check and deposit it to your account. If you do mobile capture make sure to keep a copy of your check for at least 90 days after you have made the deposit.

**Bill Pay** - if you do bill pay from on line banking it will be transferred to your mobile banking but you can also do picture pay. Picture pay you can snap a picture of your bill, type in the amount you want to pay, put the date to pay and hit submit. It is quick and easy!

**Under Cards**- Have a debit card with us and miss placed it or lost your card. You can go to this tab and just click on your card and it will disable it until you find it. Once you find it go back in and enable your card.

**Pay a friend** - owe a friend some money. Type in either their phone number or their email address, the amount you owe them and hit submit. They will get a text message or an email telling them that you are sending them money. They just need to put in the confirmation code, their routing number and account number and in two days the money will be in their account.

## Food Collection:

We are collecting canned fruit for the Food Bank of Siouxland until October 15th, Credit Union Week. We are having a friendly competition with the other local credit unions. Bring in your canned fruit today or you can donate cash. All will be donated to the Food Bank of Siouxland.

This is a great community project for all credit unions. Let's beat the other credit unions.

What food are we collecting for the Food Bank of Siouxland?
